## RE-LAUNCH OF THE BIDS CCTV CAMERA'S

The BIDs CCTV network, an auxiliary system supporting the Police will be reinstalled. Over the past three months, the Business Improvement District (BID) has been actively engaged in the complex process of reinstating the town's CCTV camera network. These cameras, which were decommissioned approximately two years ago, are now being brought back into operation as part of a broader effort to enhance public safety and improve the overall security of Bognor Regis

The decision to reinstall the system followed extensive discussions within the newly established **Bognor Regis Town Centre Action Group**, a partnership that includes representatives from the local Police, the Town Council, and key business stakeholders. The group reached a consensus that the CCTV network would serve as a critical tool in deterring antisocial behaviour, supporting criminal investigations, and reassuring residents, visitors, and local traders alike.

It is expected the installation will be made in **November**, the cameras will be directly accessible to the Police, allowing for real-time monitoring and rapid response to incidents as they arise. This initiative represents a significant step forward in collaborative efforts to reduce crime, protect local businesses, and maintain public confidence in the safety of Bognor Regis.

## EVENTS TO SUPPORT LOCAL BUSINESSES

CCCI BOGNOR BUSINESS FORUM NETWORKING AT BONITO LOUNGE. The next meeting is Tuesday 28<sup>th</sup> November at 5.30pm

## BOGNOR REGIS METHODIST CHURCH

It is with sadness that the Methodist Church in Bognor Regis will not be open this Christmas, the last service was in October. For more information see the Churches Facebook page: [Bognor Regis Methodist Church | Bognor Regis | Facebook](#)

This also means the BIDs Bognor Regis Christmas Tree may not go ahead as planned. A 20ft Christmas tree requires a tree pit of a good depth and diameter to ensure sufficient support and finding an alternative location at short notice may not be possible.
